*Awakened by the
beauty of life.*

Hacelia Spa draws from the Mediterranean — its waters, its coastline, and the plants that have grown along it for centuries.

Named after the Hacelia sea star found in the depths of the Adriatic, the spa is built around treatments that work with the body rather than simply pampering it. You'll find rituals grounded in local ingredients, botanical knowledge, and the stillness the sea enforces.

The spa zone includes a Turkish and a Finnish sauna, cold rain shower, and therapeutic halotherapy. Each has a specific purpose — use them in sequence or in isolation, depending on what your body needs.

The Nuvola Floating Experience is worth noting separately, a weightless immersion that removes all physical pressure from the body and brings a depth of rest that ordinary sleep rarely reaches

Hacelia Couples Treatments

Two people, one private space. These treatments are designed for guests who want to experience the spa together, without compromise on the quality of what each person receives.

Hacelia Luxury Couple Ritual

120 min / 350€

This ritual begins with an aromatic bath and a full sea salt body exfoliation, followed by spa zone access, fresh fruit, and sparkling wine. A two-hour experience dedicated entirely to the two of you.

Hacelia Hedonist Ritual

180 min / 420€

The longer of the two couple experiences, combining spa zone access, a shared bath, and individualized Mediterranean rituals tailored to each guest. The experience concludes with Mediterranean delicacies and a glass of premium wine, offering a complete three-hour escape.

Hacelia Mediterranean rituals

Hacelia Mediterranean Rituals

Each ritual takes its name and ingredients from the Dalmatian islands — the clay of Brač, the lavender of Hvar, the immortelle that grows wild along the coast. Native herbs, cold-pressed oils, and techniques developed specifically for this climate.

Brač Detox Clay

75 min / 175€

Brač green clay, traditionally used along the Dalmatian coast for skin purification, follows a rosehip and olive exfoliation that smooths and prepares the skin for deeper cleansing.

The treatment finishes with a scalp and full-body massage in rosemary and citrus oils to stimulate circulation and restore energy.

Hvar Lavender Glow

60 min / 145€

Hvar lavender oil, among the most concentrated in Europe, is the foundation of this treatment. It begins with an almond and olive exfoliation, followed by a full-body aromatherapy massage designed to calm the nervous system.

The ritual concludes with a hydrating finish that leaves the skin soft and even-toned.

Vis "ILLIRICA" Signature

90 min / 195€

The most complete of the three island rituals and a signature expression of Hacelia Spa. Almond and olive exfoliation is followed by a full-body aromatherapy massage with immortelle and sage, both prized for their regenerative and calming properties.

The treatment concludes with a mini facial focused on hydration and clarity, delivering a fully immersive 90-minute experience.

A close-up photograph of a lavender field. The foreground is filled with numerous tall, thin stems of purple lavender flowers, some in sharp focus and others blurred. A small, light-colored bee is perched on one of the flowers on the left side. The background shows a vast field of similar flowers stretching towards a soft, out-of-focus horizon under a pale sky.

Facial Treatments by Dr. Barbara Sturm

Skincare grounded in anti-inflammatory science. Dr. Barbara Sturm trained as an orthopedic surgeon before turning her focus to skin biology, and the approach reflects that background — no aggression, no surface-level cosmetics, no shortcuts.

The protocols at Hacelia combine her high-performance active formulations with manual techniques and targeted technology, producing results that are visible — better texture, restored hydration, reduced inflammation — rather than temporary.

Eternal Youth Ritual

90 min / 260€

Alchemy of Goddesses

90 min / 170€

A multi-sensory ritual engaging scent, sound, touch, taste, and sight in sequence. Each element is intentionally layered to calm the mind through complete sensory immersion rather than reduction.

Queen of Egypt

90 min / 190€

A full-body ritual inspired by ancient Egyptian beauty traditions. Frankincense and myrrh oils, Dead Sea salts, and mineral-rich mud gently exfoliate, firm, and restore the skin, supporting visible renewal and smoothness.

Mother To Be

60 min / 120€

Formulated specifically for pregnancy, this treatment supports the body through muscular tension, nervous system strain, and skin changes. Safe, carefully adapted, and deeply restorative, it combines rosehip, hazelnut, almond, and wheat germ oils rich in vitamins A, E, and F to support elasticity and help prevent stretch marks.

Hacelia *Signatures*

A range of massages inspired by Adriatic botanicals and oils, each designed to target specific needs such as circulation, muscle tension, the nervous system, and skin health through Mediterranean techniques and ingredients.

Wild Rosehip Ritual

75 min / 130€

Wild rosehip oil is one of the richest natural sources of essential fatty acids and vitamin A, both critical for skin regeneration. Applied in a full-body massage, it hydrates deeply and visibly improves skin tone and elasticity over time.

Touch of the Mediterranean

60 min / 110€

Full-body massage in warm Mediterranean mandarin or orange oils, with a facial massage using Adriatic shells — their smooth, cool surface providing a counterpoint to the warmth of the oils and a genuinely different tactile experience.

Deep Body Relaxation

90 min / 145€

A 90-minute full-body massage in aromatic oils, paced for depth rather than coverage. The extended duration allows muscles to release progressively rather than under pressure, resulting in a more thorough and lasting relaxation.

Hot Stone Massage

75 min - 135€

Basalt volcanic stones, heated and applied along the muscle lines, penetrate tension at a depth that hands alone cannot reach. Circulation improves, muscles unlock, and the body enters a state of rest that carries well beyond the treatment itself.

Deep Tissue Massage

45 min - 105€ / 75 min - 145€

Works below the superficial muscle layer to address chronic tension, restricted mobility, and structural tightness. More corrective than restorative and the right choice when the body needs work, not just rest.

Stress Release Massage

45 min / 85€

Back, neck, head, and face — the four areas where stress accumulates most visibly. Forty-five minutes of focused work that restores clarity and removes the physical weight that tension leaves behind.

A collection of massages inspired by the flow of the Mediterranean, designed to release tension, restore energy, and bring deep relaxation to both body and mind.

Foot Release Massage

30 min / 65€

Reflexology-based foot massage that works specific pressure points to stimulate circulation throughout the whole body. Particularly effective after long travel, extended walking, or time on your feet

Adriatic Thalasso Peeling

30 min / 65€

Full-body exfoliation using Adriatic sea salts, essential oils, and native Mediterranean herbs. Removes dead skin, opens circulation, and prepares the skin to absorb whatever follows. An excellent first step before any wrap or massage.

Spa Aroma Wrap

45 min / 90€

Nuvola Soft Pack body wraps infused with essential oils and native herbs. The wrap creates a cocoon effect — warmth, compression, and botanical absorption working together to soothe and restore.

Spa Thallaso Wrap

60 min / 110€

Sea salts, mineral-rich mud, and essential oils applied in Nuvola Soft Pack wraps, combined with a Mediterranean herbal oil massage. The thalasso elements draw out impurities while the massage restores circulation and muscle tone.

Adriatic Bath

30 min / 65€

A warm bath drawn with Adriatic sea essences and Mediterranean botanical extracts. Simple, restorative, and a worthy introduction to the spa or a quiet close to a longer treatment.
